

INFO:

Below are the results of the 2024 Society Committee Elections.

If there are society roles you do not see, it is because of one of the following reasons:

1. A draw
2. No candidates
3. No votes cast
4. Investigation into result

You do not need to contact us if you do not see a particular role, as we will be reaching out to candidates and current committees to inform them of why their role isn't showing.

In the case of a draw, we will offer candidates the chance to job-share, or work with the committee to figure out a way to both take a role.

Where there were no candidates or no votes cast, we will contact the current committees to arrange a further week of elections in April.

Where the result says 'Re-Open Nominations', the option to re-open the polls for that particular role received more votes than other candidates, so this role will re-open in further elections in late April.

If there are any complaints being investigated, we will inform current committees.
