

# To Revise the City University Timetabling Policy

**Proposer:** George Goodsell

**Seconder:** Mihai Berbec

## **This Union Notes:**

1. The current timetabling policy in place allows for City University Student's Union (CULSU) societies to book rooms for events post 18:00 (6pm) on Mondays, Tuesdays, Thursdays and Fridays.
2. During the hours before 18:00, there are many rooms that are not occupied/ reserved for usage by the university.
3. Whilst there are exceptional cases wherein in a society may be able to make a booking before 18:00, these cases are uncommon.

## **This Union Believes:**

1. That the current policy implemented by the University is inefficient, and wasteful in terms of utilized space and time.
  - a. This inefficiency, by extension, is a waste of Student resources.
2. That the University and the Student Body would be better served with earlier bookings for rooms that are not in use.
3. That Student Union Societies are negatively impacted by the restrictive booking times made available to them by the current policies in place.

## **The Union Resolves:**

1. To call upon the University to revise the current timetabling policy regarding the booking of rooms at 18:00, amending said policy to allow for bookings at an earlier time.

2. To consider the implementation of a “2-strike” policy wherein societies disruptive to adjoining rooms have their right of booking pre-18:00 revoked
