UNION ELECTIONS  
CITY CHANGE MAKERS

BE  
A  
CITY  
CHANGE  
MAKER

## A Message from the SU CEO

Congratulations for putting yourself forward in these elections. This is the best time to get involved and shape the work of the Union, especially after the hard work that was put into reviewing and changing our democracy to make it more accessible and representative in 2024.

Elections can be fun, competitive and rewarding. I should know, because prior to becoming staff member in students' unions was a students' union president. Through each election process, I came out learning something new about myself, a new skill, and made new friends. It's great opportunity to speak to students and understand their needs.

Take time to know what you want to achieve and how. This pack has handy information on forming a campaign, working as team and forming a campaign team. No idea is too big or too small. The Union has excellent staff who will support you to deliver on your priorities. Crucially, speak to students. It might be intimidating at first but speak to students. Students will vote for you, and they will listen.

Being a student representative is an honour and of course, a huge responsibility. Students look up to you and come to you with their issues. Be open and patient. You will be tested, but you will learn new things about yourself and pick up on new skills that you will need in the future.

I look forward to working with you if successfully elected.

All the best

## Job Shares

### **Job Share only for Students' Union Officers.**

We want all students to be able to access the opportunity to work in the Students' Union, therefore job shares can be arranged.

A job share is an arrangement where two people work on a part-time basis to perform a job normally fulfilled by one person working full time. In this case, it means that the 35 hours a week worked by the Students' Union Officer role would be split between two people. A job share will not be considered alongside your studies unless you are on a part time programme.

If you need a job share, come and talk to us or drop an email to [Philip.Gilks@city.ac.uk](mailto:Philip.Gilks@city.ac.uk).

# Candidate Rules

## A message from the Deputy Returning Officers

Running a free and fair election is our goal – the rules over the next few pages have been designed to ensure that you, and voters have an equal and honest opportunity to elect your new Officer team.

Whilst this list of rules may seem long, it is not exhaustive, and more rules may be published at the discretion of the Returning Officer and Deputy Returning Officer. All our election rules are in addition to the Union's rules, City's regulations and The Law.

Breaking an election rule is very serious and if a candidate breaks any of the rules, then you can be sanctioned, disqualified or risk the continuation of the whole election. We really don't want any of these things to happen, so please read the following rules carefully and if you have any questions, just let us know.

We wish you all the best with your election campaign and look forward to meeting you soon.

**Phil Gilks, Deputy Returning Officer**  
**Hannah Roberts, Deputy Returning Officer**  
**Peter Robertson, Returning Officer**

# Candidate Briefing

**Wednesday 21 February 2024, 10.00am – 12.00pm, AG07b, College Building**

Phil Gilks, Deputy Returning Officer will host the Candidate Briefing which will cover:

- What's next: the elections process.
- Guidelines for talking to students and vote week.
- Conduct and tone of the election.

If you can't attend the briefing, you should write to Phil ([SUElections@city.ac.uk](mailto:SUElections@city.ac.uk)) as soon as possible so you can be sent a recording of the online briefing to watch in your own time and then confirm you have written it.

Please note this event will coincide with the Candidate Networking event.

No question is too small, you can book time to speak with someone from our team by [using this link](#)

## Information on Times and Locations

The names of all students wishing to form a slate must be provided on your Nomination Form.

We'll be running candidate networking events to allow you to find people to run with, should you want to run with others:

Candidate Networking, 21 February 2024, 10am-12pm, AG07b, College Building.

- Confirmation via email from the Union.

Once an endorsement is confirmed by the Union groups, they may then use their membership lists and social media to promote those they have endorsed.

Society or sports team funds must not be used to finance any election campaign.

If you are the President, a committee member, or otherwise hold a position of power in a society or sports team you must not command other students in the group to campaign or vote for you.

Remember, individual members of a society have the freedom to vote for who they want, so just because a group endorses you does not mean all members will vote for you.

## Student media

Student media groups (Carrot Radio, Carrot Magazine, Carrot TV) must remain impartial and cannot endorse any candidates on their official online channels and social media.

## Re-running Candidates

If you are currently an elected Student Officer (Students' Union Officer or Assembly Member) then there are additional rules that you need to be aware of.

All campaign publicity and public announcements must be agreed with Phil Gilks, Chief Executive or Chris Moore, Communications and Business Development from Monday 29 January – Thursday 29 February 2024 to avoid potential electoral advantage

The Union offices, including the Welcome Desk must not be used for electoral purposes.

Students' Union Officers needing to use the office for day-to-day work during voting days must agree in advance with the Chief Executive.

Students' Union Officers re-running to be a Students' Union Officer or Assembly Member must run entirely separately from their day-to-day work and are required to take annual leave from Monday 26 February – Thursday 29 February 2024.

These rules are to make sure that you are clear on what you can and cannot do in the lead up to the election, and so other candidates understand how we ensure everyone has a fair opportunity when applying for a role.

# Promotional Materials

We want students to be informed about who is running to represent them. Each candidate has a healthy budget to spend on electronic and printed promotional materials.

# YOUR UNION

has lobbied hard to bring about many of the changes you wanted to see here at City in the last year.

**DIVESTMENT FROM FOSSIL FUEL COMPANIES** The University have committed to reducing carbon emissions that harm the planet by divesting from fossil fuel companies.

**COST OF LIVING SUPPORT** The October launch event of the Cost of Living hub gathered more than 300 students, our November hub attracted around 200 attendees. Both events effectively raised awareness about the available cost of living support for students.

**STUDENT FRIENDLY EXTENUATING CIRCUMSTANCES APPLICATIONS** We helped bring about a review into Extenuating Circumstances and provided feedback to ensure a more efficient process for students.

**SUPPORTING YOU THROUGH STRIKES** We supported City students during a series of strikes this year in reducing its impact on your studies and making sure you still had access to the support you need.

**UNITU PLATFORM LAUNCHING** We have been working behind the scenes to bring a new student voice platform next year for City students to have their course and department issues resolved more effectively.
