

Hello!

Dear Programme Reps,

Thank you for attending our Programme Rep Reception. I was thrilled about the great turnout and I hope you enjoyed it as much as we enjoyed hosting it. I know that February is a busy time, with SECs, SSLCs and countless other responsibilities that come with your role. Please let us know if you need any support from the Union and share with us your accomplishments, so we can celebrate them! Don't forget to check out our Leadership Elections!

Kindest regards,

Programme Representatives Impact

Programme representatives are at the heart of our effort to independently represent student's views on campus. You help improve life at City, not only for your colleagues and course mates, but for the whole university.

We want to shout about some of the many great things that you've achieved with our help.

If you would like to tell us what you have done as a programme Representative and share your experience, please contact us at Studentrep@city.ac.uk.

We would love to hear from you either through an interview, or you could send us a description of your work along (150 words) with a photo of you.

The best submissions will be featured on the next newsletter and our website. There are **two Amazon £25 vouchers** for the best entries.

Programme Rep Diversity

Programme Reps are elected annually in partnership with the University to represent students coming from over 160 different countries. It is therefore important that we make sure that all students from a wide range of background are represented.

The Students' Union wants to measure the diversity of the Programme Representatives in order to enhance the student experience at City, University.

We want to empower all the students included the less represented sections and in order to do so, we need your input. Please fill in [this survey](#) on Programme Rep Diversity so that we can continue to provide all students with representation.

Please complete this survey by **20th of March 2019**.
