

## Programme Rep rollover:

This academic year, due to the ongoing pandemic, the Students' Union and University have decided that all Programme Reps elected in 2019/20 will be automatically rolled over to become Reps for the upcoming academic year. We want you to be able to continue the good work you have done so far and represent the students on your course as their Rep for this year.

### What does this mean?

As a Programme Rep from last year, you will automatically be appointed as the Programme Rep for your course for the duration of the 2020/21 academic year.

You will not need to be re-elected and will hold the same role as last year. We, as your Students' Union, will continue to support you as you continue your role.

### Why is this being done?

We want you, as Reps, to be able to represent students and collect vital feedback from the start of, and throughout, the Academic year.

### Will I still get training?

All returning Reps will be invited to attend refresher training in October and we will be sending out more information to your schools soon.

We will also be offering further development opportunities for you this year.

### What if I don't want to be a Rep?

If you would prefer not to be a Programme Rep this year, you can opt-out before the start of the academic year. We will then support your course to hold an election to ensure your course does have the Programme Reps it needs.

If you wish to opt-out, please use [this form](#) to let us know.

### What if I have any questions?

As always, please email us at [studentrep@city.ac.uk](mailto:studentrep@city.ac.uk) if you want more information or have any questions.
