Students' Union Reception

Welcome

At City Students' Union, we're trying to build a better student community; one that is vibrant and that you are proud to be a part of. We want to empower you to be successful by providing services and support that enhances your experience at City and beyond.

Our elections run each year so students can decide who will represent them and improve their union by asking the questions that matter and making change happen. This pack will show you how you could join our team and be that person whilst completing your studies.

Reimagine your next year of study, apply now.

A Message from the SU President

Congratulations for putting yourself forward in these elections. This is the best time to get involved and shape the work of the Union, especially after the hard work that was put into reviewing and changing our democracy to make it more accessible and representative.

Elections are fun, competitive and at times, tiring. I have taken part in several elections at City Students' Union and every time, I came out learning something new about myself, a new skill, and made new friends. It's a great opportunity to speak to students and understand their needs.

Take time to know what you want to achieve and how. Form a campaign team. Don't think you need to do it all alone. Use your creativity and be your authentic self. It might be a bit intimidating at first but speak to students. Students will vote for you, and they will listen.

Being a student representative is an honour and of course, a huge responsibility. Students look up to you and come to you with their issues. Be open and patient. You will be tested, but you will learn new things about yourself and pick up on new skills that you will need for your future.

All the best
Shaima Dallali, SU President 2021/22

Application Rules

A message from the Deputy Returning Officer

Running a free and fair election is our goal – the rules over the next few pages have been designed to ensure that you, and voters have an equal and honest opportunity to elect your new Officer team.

Whilst this list of rules may seem long, it is not exhaustive, and more rules may be published at the discretion of the Returning Officer and Deputy Returning Officer. All our election rules are in addition to the Union's rules, City's regulations and The Law.

Breaking an election rule is very serious and if a candidate breaks any of the rules, then you can be sanctioned, disqualified or risk the continuation of the whole election. We really don't want any of these things to happen, so please read the following rules carefully and if you have any questions, just let us know.

We wish you all the best with your election campaign and look forward to meeting you soon.

Hannah Roberts, Deputy Returning Officer
Peter Robertson, Returning Officer

Collective campaigning, otherwise known as running on a slate is allowed but regulated to ensure the slate does not have an unfair advantage over others.

The names of all students wishing to form a slate must be provided on your Application Form.

Getting Help with Your Application (Recruiting Supporters)

Running in an election can be hard work so make sure you have a think about friends and course mates who might be able to help you. Remember, you are responsible for any person helping you with your election campaign so make sure they understand the rules.

Any person planning on supporting your campaign may attend the Applicant Briefing with you. Alternatively, they can access the recording to watch in their own time.

Student Groups (Societies and Sports Teams)

City societies and sports team can support applicants, or groups of applicants in their election campaign. All group endorsements will automatically be accepted on behalf of you, unless you tell us that you would refuse an endorsement from a particular society or sports team.

A group endorsement requires:

- The agreement of the society or team committee.
- A recorded agreement sent by the President or Captain to SUElections@city.ac.uk.
- Confirmation via email from the Union.

Once an endorsement is confirmed by the Union groups, they may then use their membership lists and social media to promote those they have endorsed.

Society or sports team funds must not be used to finance any election campaign.

If you are the President, a committee member, or otherwise hold a position of power in a society or sports team you must not command other students in the group to campaign or vote for you.

Remember, individual members of a society have the freedom to vote for who they want, so just because a group endorses you does not mean all members will vote for you.

Student media

Student media groups (Carrot Radio, Carrot Magazine, Carrot TV) must remain impartial and cannot endorse any candidates on their official online channels and social media.

Re-running Applicants

If you are currently an elected Student Officer (Sabbatical Officer, Part-time Officer, Councillor) then there are additional rules that you need to be aware of.

All campaign publicity and public announcements must be agreed with Phil Gilks, Chief Executive from Monday 21 February – Friday 25 March 2022 to avoid potential electoral advantage.

The Union offices, including the Welcome Desk must not be used for electoral purposes.

Sabbatical Officers needing to use the office for day-to-day work must agree in advance with the Chief Executive.

Sabbatical Officer re-running must run entirely separately from their day-to-day work and are required to take annual leave from Monday 21 – Thursday 24 March 2022.

These rules are to make sure that you are clear on what you can and cannot do in the lead up to the election, and so other candidates understand how we ensure everyone has a fair opportunity when applying for a role.

Promotional Materials

We want students to be informed about who is running to represent them. Each candidate has a healthy budget to spend on electronic and printed promotional materials.

Here are some ideas for spending your budget, but remember - think sustainably and only order what you need:
